Savishkar

Savishkar India is a national innovation and entrepreneurship platform that promotes research, creativity, and startup development among students, scientists, and young entrepreneurs. It provides a collaborative ecosystem where innovative ideas can be transformed into practical solutions and scalable businesses through mentorship, training, and industry exposure. The platform organizes activities such as idea pitching, startup incubation, workshops, and networking with investors and industry experts. It also supports innovators with guidance on fundraising, intellectual property rights, and technology development. By connecting academia, industry, and investors, Savishkar India aims to nurture problem-solving skills and empower youth to build sustainable and impactful startups.

ABVP

Akhil Bharatiya Vidyarthi Parishad (ABVP), founded in 1949, is a nationalist student organization dedicated to student development and national reconstruction. It promotes leadership, patriotism, and social responsibility through academic, social, and community initiatives across educational institutions. With a presence on thousands of campuses, ABVP has grown into one of the world's largest student organizations, engaging over 7 million students and educators annually in activities that encourage youth participation in nation-building and societal development.

VVS Trust

Vidyarthi Shikshana Seva Trust (VSS Trust), established in 1979, pioneers a progressive approach to education, diverging from conventional methods. Committed to all-around student development through non-formal education activities, the trust aims to instill character, discipline, and pride in Bharatiya culture. With a focus on deepening understanding and sensitivity within the educational community, VSS Trust ignites young minds for individual and national achievement. Through diverse programs like seminars, workshops, and national integration camps, the trust strives to realise its

SVPEC

Sanketika Vidya Parishad Engineering College (SVPEC), established in 2003 in Visakhapatnam, is a reputed engineering institution known for its commitment to quality technical education and holistic student development. The college operates on a 32.5-acre eco-friendly campus at P.M. Palem and offers multiple undergraduate and postgraduate engineering programs along with MBA and MCA courses. It is approved by AICTE, affiliated with Andhra University, and accredited with NAAC 'A' grade (Second Cycle, 2024). SVPEC focuses on innovation, industry collaboration, internships, placements, and entrepreneurship development to prepare students for professional and technological challenges.

Advisory Committee

Prof. CSRK Prasad – Vice-Chancellor,
Jawaharlal Nehru Technological University,Kakinada

Prof. V. V. Subba Rao – Vice-Chancellor,
Jawaharlal Nehru Technological University – Gurajada, Vizianagaram

Prof. H. Sudarsana Rao – Vice-Chancellor,
Jawaharlal Nehru Technological University ,Anantapur

Dr. Dinesh P. Sankar Reddy – Registrar,
National Institute of Technology, Andhra Pradesh

Prof. Mamilla Ravisanker – HoD. of Mech. Eng.
Indian Institute of Technology ,Tirupati

Dr. C.Gangi Reddy – Chairman,
Annamacharya Group of Institutions,Rajampet

Shri Vidya Sagar – Chairman&Director,
Vasireddy Venkatadri Institute of Technology (VVIT),Guntur

Dr. G. S. N. Raju – Chancellor,
Centurion University of Technology and Management, Andhra Pradesh

Shri Rahul Alwardas – Executive Director,
Sanketika Vidya Parishad Engineering College, Visakhapatnam

Dr. K. V. Subba Reddy – Chairman,
K. V. Subba Reddy Educational Institutions,Kurnool

Dr. N. Satish Reddy – Pro-Chancellor,
Aditya Group of Institutions,Kakinada

Dr. N.Surya Kalyan Chakravarthy – Executive Chairman,
QIS Group Of Institutions,Ongole

Shri K.Upender Reddy – Chairman,
ISTS Women's Engineering College, Rajahmundry

Dr. M. Jagapathi Raju – Director,
SRKR Engineering College,Bhimavaram

Dr. Vanki Penchalaiah – Director,
Audisankara College of Engineering & Technology,Gudur

Shri G. Pullaiah – Secretary,
Ravindra College of Engineering for Women,Kurnool

Dr. Prasanna Kumar Behara – Asst.Prof., Dept. of Civil Eng.
Indian Institute of Technology, Tirupati

Prof. Potluri Ravindra Babu – National Executive Member,
Indian Society for Technical Education

Prof. T. S. S. Balaji – National Executive Member,
Indian Society for Technical Education

Prof. B. Eswara Reddy – Secretary-cum-Treasurer,
Indian Society for Technical Education – Andhra Pradesh Section

Dr. T. Srinivas Reddy – Scientist,
SG SHAR, Srihari Kota ISRO

Shri T. Shekar
Joint Secratary State Board Of Technical Education

Shri Ravi Eswarapu – CEO,
Ratan Tata Innovation Hub, Visakhapatnam(Chapter)

Dr. Md Toussef Ahamad – Training and Placement Officer,
ANU College of Engineering & Technology,Guntur

Organizing Committee

Prof. M.Nagaphani Shastry - Dept.of Mechanical Engineering ,
Pulla Reddy College of Engineering ,Kurnool

Dr. Amarendra Reddy - HoD&Asst.Prof.,Dept.of School of Sciences,
National Institute of Technology (NIT), Andhra Pradesh

Prof. A.Latha - M-Tech HoD ,Dept of CSE
Maleneni Women's College of engineering,Guntur

Prof. G.Giri Raja Sekhar - POP ,Dept of Marine Engineering
Andhra University ,Visakhapatnam

Prof. Ch. Kishore Reddy - Dept.of Mechanical Engineering
Vikas Group of Institutions,Vijayawada

Dr. G.Sivanatha Reddy - Asst.Prof. Dept of Civil Engineering,
JNTUA college of Engineering ,Pulivendula

Shri V. Ramanjaneyulu - Asst.Prof. Dept of Chemical Engineering
Jawaharlal Nehru Technological University, Anantapur (JNTUA)

Shri A. Vijaya Durga - Asst.Prof. Dept of ECE
Adikavi Nannaya University,Rajahmundry

Shri Suluru Yachandra - Research Scholar
Former Convenor, State Technical Cell Andhra Pradesh

SRUJANA
TECHNICAL CELL
ANDHRA PRADESH

SRUJANA is a state-level innovation and technical platform for students across Andhra Pradesh, organized by the Technical Cell of Andhra Pradesh with the support of Akhil Bharatiya Vidyarthi Parishad (ABVP). Since its inception in 2014, SRUJANA has been dedicated to encouraging students from engineering and technical institutions to explore their creativity, research potential, and innovative thinking.

The platform provides an opportunity for young innovators to present working models, technical ideas, research papers, and practical solutions to real-world problems. Through activities such as technical exhibitions, project demonstrations, paper and poster presentations, hackathons, and industry–academia interactions, SRUJANA creates a dynamic environment where students can learn beyond classroom boundaries. By bringing together students, academicians, industry experts, and innovators, SRUJANA fosters scientific thinking, problem-solving ability, entrepreneurship, and collaborative learning. The initiative aims to strengthen the student innovation ecosystem in the state and motivate young minds to develop technologies that contribute to societal progress, sustainable development, and the future of India's technological growth.cilisis.

Working Model Exhibition

Showcase innovative engineering prototypes and working models that solve real-world problems using technology and creativity.

Rules:

- Model must demonstrate a working concept
- Teams must explain design, methodology, and application
- Participants must bring required components and equipment
- Projects should focus on innovation and practical implementation

Poster Presentation

Present technical ideas, research concepts, or engineering solutions through visual and informative posters.

Rules:

- Poster should include Title, Objective, Methodology, Results,Conclusion
- Standard A1 size poster format recommended
- Participants must explain the poster during evaluation
- Content should be original and technically relevant

Paper Presentation

An opportunity for students to present technical research papers and innovative ideas related to engineering and emerging technologies

Rules:

- Paper must be original work
- Presentation should be supported with PowerPoint slides
- 8–10 minutes will be given for presentation
- Evaluation based on technical depth, innovation, and clarity

Hackathon

A fast-paced challenge where teams collaborate to build innovative software or technology solutions within a limited time.

Rules:

- Teams must develop a working prototype or solution
- Open-source tools and programming platforms are allowed
- Teams must present problem statement and solution
- Judging based on innovation, functionality, and impact

Industry – Institutional Interaction

A platform for students to interact with industry professionals and experts, gaining insights into current technologies, industry expectations, and career opportunities.

Highlights:

- Expert talks by industry professionals
- Discussions on emerging technologies and innovation
- Teams must present problem statement and solution
- Networking opportunities for students and faculty

To Register
for more information
www.srujana2026.in

Registration Fee:

- Individual - 200/-
- Team - 500/-
- Industry–Institution Interaction -FREE

Certificate will be provided to all the participants

Note: Accommodation and food will be provided to outstation students at No Cout (Only it Intimated in advance Accommodation would be made in the Dormitory, Hostel, and hall
